Education

- **B-Tech**
Kakatiya institute of technology and science-ECE
CGPA:8.54
- **Intermediate**
Sri Gayatri Junior College-MPC
Percentage:97.5%
- **10th**
Shloka high school
CGPA:9.0

Skills

- Java
- Data Structures
- Html, CSS
- React js
- Node js
- MySQL

Internships

Frontend development -Oasis Infobite

Certifications

- Programming in Java NPTEL
- Frontend certificate from Internshala
- Java basic certificate from hackerrank

Projects

IOT-BASED SMART VEHICLE MONITORING SYSTEM

The project monitors vehicles in real-time using vibrational and Hall Effect sensors, GPS-GSM modules, and NodeMCU. Data is sent to ThingSpeak for analysis and displayed on a website, enhancing safety and accessibility.

LOW-COST ULTRASONIC SMART GLASSES FOR THE BLIND

Developed practical solutions to assist the blind in avoiding accidents and developing confidence

Design and implement innovative devices to alert the blind to obstacles using ultrasonic sensors.

FOOD-WEBSITE

This is a food website where we can search the food and add the item to the cart.

Using React JS.

PHONEBOOK

Phonebook is a website where we can store phone numbers using web development.
